THE PEOPLE'S ADVERTISER.

DEVOTED TO THE INTERESTS OF SUMMIT COUNTY.

JOB WORK NEATLY EXECUTED

Vol. X.

COALVILLE, SUMMIT COUNTY, UTAH, OCTOBER 2, 1903.

No. 39.

## LOCALS AND PERSONALS.

Alexander Wright made a business trip to Park City Wednesday.

The Co-op received a new boiler this week for their steam heater.

John Jones has been laid up the past week with an attack of typhoid fever.

Mrs. James Don of Park City spent several days here this week with relatives.

Uncle Edmund Eldredge and W. W. Cluff drove out from Salt Lake Monday and returned Wednesday.

Patriarch John Smith came out from Salt Lake Monday to visit for a few days with his boys at Hoyterville.

E. W. Hogg was here Saturday and Sunday in the interest of the International Correspondence School.

Quite a number of people from here have gone down to conference and others will go tomorrow and Sunday.

FOR SALE—Card board, picture mounts, fancy stationery, notebooks, paper, envelopes, etc., at this office.

Mrs. George W. Edgington has shipped her household goods to Boise, Ida., and has gone there to make her future home.

Some of our correspondents have not sent us a letter for several weeks; we would like to hear from all of them regularly.

Considerable rain has fallen during the week. No damage will be done to crops, as they are all in and the grain is being threshed.

Melvin Hall broke out with small pox yesterday and the family was promptly quarantined. The saloon was also closed and disinfected.

A. I. Clark came down from Park City Wednesday morning and put a coat of paint on some of the window frames of the new court house.

For a pleasant youth take Chamberlain's Cough Remedy and Liver Salt. Get to take. Pleasant in effect. For sale by John Boyden & Son.

W. G. Johnston and wife drove down to Salt Lake last Saturday to attend the funeral of the former's brother, James Johnston, who died on Friday.

Andrew Holman was out for a ride last Sunday afternoon, the first time since being afflicted with paralysis. He is slowly recovering, but has lost his speech.

James Salmon came in from Idaho Sunday to spend a few days with his family. He will attend conference before resuming his labors for the Juvenile Instructor.

Mrs. John Fawcett entertained a few lady friends at her home last Friday afternoon at cards in honor of Miss Edna Miller of Salt Lake City. A very pleasant time was had.

The people down this way received their annual letter from the county treasurer last Friday and now the question is, Where will the money come from to pay the taxes?

Some samples of sugar beets raised here this season were sent to Ogden yesterday to be tested. The specimens looked all and no doubt will contain a good amount of saccharine.

Mr. and Mrs. George Brown and daughter Caroline returned home from Park City last Friday, where they had been to attend the wedding of Mr. and Mrs. N. J. Williams.

Joseph Wright, a nephew of County Recorder F. H. Wright, arrived here from England last Friday, and will likely make his home in the land of the Saints. Mr. Wright is an electrical engineer by profession.

T. L. Allen has a number of men at work making measuring wires to be put in the irrigation ditches as required by the new irrigation law. Mr. Allen is prepared to furnish estimates on the cost of the wires complete, and any information desired can be obtained from him. Wires must be put in all the ditches by Nov. 1st, this year.

All diseases start in the bowels. Keep them open or you will be sick. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a sure cure for all such ailments. It is a small, safe and pleasant remedy. Try it. It is in all drug stores.

R. H. Shaw and wife of Eureka passed through Coalville Wednesday on their way to the Star Valley country. Mrs. Shaw is a sister of Mrs. John Clark of this place.

Thomas Wright met with a painful accident while working at the quarry Wednesday. He was engaged in lifting a large rock on to the wagon, and a piece of the stone fell on his hand, badly smashing two fingers. He will not be able to do any work for several weeks.

The stonemason has hindered the work on the court house a little this week, but good progress is being made. Two more masons have been added to the force, and the foundation is about completed. The walls are now being laid and the work is being pushed with a vim.

The gang of men who have been setting telephone poles and stringing the copper wires from Park City to Esbo, completed their work on this and last Saturday and they are now working on the line between Washpind and Park City by way of Kanab. New poles are being put in and the wires tightened up.

The county commissioners held a meeting last Saturday and opened the bids for extending the wagon road at Oakley. J. H. Miles of Esbo was awarded the contract to make the road. The bids for installing a heating apparatus and plumbing in the new court house were also opened, but all were rejected. The commissioners will advertise again for bids.

Supt. H. O. Jackson of the Rocky Mountain Bell Telephone company was here last Friday and Saturday on business. We understand that he will have a new switch board put in here in the near future, the exchange office will be fixed up with new furniture, etc., and made more convenient and pleasant.

On September 24th at Park City a grand reception was given at the home of Mr. and Mrs. John Williams in honor of the marriage of their son, N. J., to Miss Nora Peterson of Washpind. The house was prettily decorated with cut flowers. A bounteous wedding supper was served to about one hundred and fifteen guests. All present had an enjoyable time and enjoyed in watching the young couple a successful wedding day.

County Clerk Neely went to Kanab Tuesday to run a foot race with Leo Leonard. The latter proved to be the best sprinter, but if the race had happened a day later Leonard could not have kept within sight of the clerk. Early Wednesday morning Mrs. Neely gave birth to a fine ten-pound son. Mr. Neely is wearing a two dollar smile, and declares that his sprinting qualities have increased 50 per cent. All doing nicely.

Three interesting sessions of the M. L. A. convention were held here on Sunday. The program consisted of the discussion of topics, questions and answers and instructions to the officers. Prof. Willard Dore was present on behalf of the Young Men and Miss Aggie Campbell for the Young Ladies. A good representation was present from the various wards of the stake and all the officers seemed enthusiastic over the prospect for the coming season's work.

A Missouri paper tells of a man named Brown, a new comer, having deposited \$100 in the preacher's salary box one Sunday recently. The preacher asked why he had been so generous and he said he had just engaged in business in the town and he wanted to help along the cause. Then the preacher announced that he would surely patronize Mr. Brown and asked all the congregation who would do likewise to stand up. The preacher asked Mr. Brown what his business was and he replied, "I'm a saloon keeper."

George Whiston of this place and Miss Ethel Grover of Morgan were married at Morgan last evening, the wedding taking place at the home of the bride's parents. The young couple are well known here, the groom being the youngest son of Henry Whiston, and the bride is a prominent young lady of Morgan. She was here working at the hotel for several months last summer. The young couple will spend a few days in Ogden before returning to Coalville to make their future home. Their many friends extend best wishes for a long and pleasant wedded life.

Broke Into His House.  
S. LeQuinn of Cavendish, Vt., was robbed of his customary health by invasion of chronic constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure. See at Boyden's drug store.

The concert given at the Tabernacle last Saturday night was one of the most successful affairs of the kind ever given in Coalville. The people here do not often have the privilege of enjoying such a musical treat as that given at the concert. The program published last week was rendered, with one or two exceptions; and everybody who took part did exceedingly well, bringing forth much applause and praise from the large crowd present. The concert was given for the benefit of the Mutual Improvement Association, and from the 10 cent admission fee charged, \$30 was realized.

Labor, says an exchange, is the only true path to success in life; by it everything that is grand, noble, sublime and colossal is made. Everything, from the least minute to the grandest maximum, is found in labor. Some persons consider labor a degradation to humanity, and such as these never succeed in life; others think that to be strong and able to work is a great blessing, and some of these are among the greatest statesmen and philosophers. Whoever succeeded in life without laboring? A great tussle persons have started out in life with a great purpose in view—a purpose to reach the sum of their ambition in a short period—in fact, too short a period for their own success. Others say, "If I only had riches I could satisfy my longing for honor." You do not need wealth to make a success in life; instead of facilitating your progress, it will be a hindrance. You can fit yourself for any position by studying diligently. Mark out your course and apply yourself to that one object, and you will succeed; but not without that one watchword—labor.

Confessions of a Priest.  
Rev. John R. Cuz, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by John Boyden & Son, Only \$50.

Notice to Contractors.  
Bids for the construction of a dam and canal and gate shaft to be constructed at the Weber Reservoir, Power & Irrigation company Reservoir No. 1, in Lost Creek, Morgan county, Utah, will be received at the secretary's office, Coalville, Summit county, Utah, on or before October 5th, 1903, and to be opened on October 7th, 1903.

For specifications see Thomas L. Allen, Coalville, Utah, or Engineer Frank C. Kelley, McCornick Building, Salt Lake City, Utah.

The company reserves the right to reject any or all bids.

WATER RESERVOIR, POWER & IRRIGATION COMPANY.  
By THOMAS L. ALLEN, Secretary.  
P. O. Box 90, Coalville, Utah.

He Learned a Great Truth.  
It is said of John Wesley that he once said to Mistress Wesley, "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by John Boyden & Son.

Stray Notice.  
State of Utah, County of Summit. In the Hoyterville precinct of said county. I have in my possession the following described animal, which if not claimed and taken away, will be sold at public auction to the highest cash bidder at my corral in Hoyterville, Summit county, Utah, on Monday, Oct. 12, 1903, at the hour of 10 o'clock a. m.:  
One black horse, star in forehead, illegible brand on left thigh; about 8 years old, weight about 1050, shaven in right shoulder.  
Said animal is held by me to secure the payment of \$2.00 damages done by said animal on the property of C. Sargent on Sept. 28th, 1903.  
HARVEY CHRISTENSEN, Poundkeeper for Hoyterville precinct.

A Love Letter.  
Would not interest you if you're looking for a guaranteed safe for shoes, boots or pills, Otto Dudd of Poudre, Mo., writes: "I suffered with an ugly sore for a year, but a box of Buckle's Arnica Salve cured me. It's the best salve on earth. See at Boyden's drug store."

Advertise your goods in THE TIMES.

Mrs. Conley Receives Her Money.  
Mrs. Hannah E. Conley, who entered suit against the Union Pacific Railroad company for the death of her husband, and who received a verdict in the district court of \$10,775, was given her money on Thursday, the amount she received being \$9,000.25.

After the case had been tried in the district court, appeal was taken to the supreme court, which affirmed the decision of the lower court. Since the verdict was rendered in the district court interest has accumulated, making the amount \$9,000.25; the attorneys receiving one-fifth.

The money will be a great help to the young widow and children, and will go a long way to make them comfortable.

Save Two from Death.  
"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 25c and 50c bottles guaranteed by John Boyden & Son. Trial bottles free.

The State Fair.  
The greater fair in the history of Utah will be held in Salt Lake one week, commencing October 1st. In the past there have been fairs, street fairs, carnivals, jubilees and expositions held in this important territory, but none of them will compare with the State Fair to be held this year. The supervisors and directors are exerting every effort to make this one of the greatest affairs in the history of the State.

Thousands of people have been spent on improvements on the new fair grounds. The event will be a feature of the fall fair, and the Association has offered a prize of \$5,000 which is \$10,000 more than has ever been offered to a fair in this city before.

The association proposed this year are of the best, among which are the famous Blue Brothers, who were the star attraction with the Brooklyn Brothers Circus. The association will also present to these there will be Vaudeville and acrobats, there will be balloon ascensions and parachute jumps. Not only will there be amusements of all kinds, exhibits of all kinds of Utah products; horses, cattle and sheep, but there will be a mighty Midway, the like of which has never been seen in this part of the country. A street, which is a good imitation of the paved streets of the city, has been built by the association and this street will be lined from one end to the other with shows of all kinds and description. There will be a merry-go-round, Vaudeville, Theatre, Old Fashioned show, Oriental Village, the Electric Theatre, the Fire Dancer, the Angel of the Air, the Palace of Illusions and a number of other shows of a quality unsurpassed.

The railroads have made special rates to Salt Lake and there is no doubt but what their capacity will be tested from all points, and Salt Lake will have come to be known as the Mecca of Utah's greatest State Fair.

Run a Penny Nail Through His Head.  
While opening a box, J. C. Mount of Three Mile Bay, N. Y., ran a ten penny nail through the hairy part of his head. "I thought at once of all the pain and agonies this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and tenderness and the injured parts were soon healed." For sale by John Boyden & Son.

Stray Notice.  
State of Utah. In Coalville City County of Summit. I have in my possession the following described animals which if not claimed and taken away will be sold at public auction to the highest cash bidder at Coalville, from the city strays pound. Male cow, on Saturday the 10th day of October, 1903, at the hour of 10 o'clock a. m.:  
One bay horse with white face and left hind leg white; weight about 850 lbs.; 11 or 12 years old; branded J U D on right thigh.  
Said strays were taken up by me on the 28th day of September, 1903, from a public street in said Coalville City.  
J. W. Wilson, City Pound Keeper.

Your return card printed on 100 envelopes for 75 cents at THE TIMES office.

—THE—  
**UNDERWOOD**  
Visible Typewriter

Is the Most Practical Typewriter for School or

Business Purposes.

## BECAUSE

The writing is "right before your eyes" all the time, which has never been accomplished by a standard, high grade Typewriter until now. It is accomplished in the UNDERWOOD absolutely and practically without the sacrifice of a single previous existing advantage, but with the addition of many others never before obtainable.

It has a Tabulator which is a part of the machine. Others charge \$25 extra for this. Its Marginal Stops are all in front. Its type are changed in an instant without soiling the hands. It has an Individual Key Tension which permits of the Uniform Adjustment of all keys. The carriage is full full bearing. Corrections can be made in an instant without consulting a scale. No carriage to lift to see if you have made your correction in the right place. Its Light Action, Ease of Adjustment and Simplicity make it the easiest to learn, easiest to operate and least parts to get out of order. It is the Most Durable Typewriter made. Operators save from 25 to 35 per cent. of their time owing to these advantages.

\*\*\*\*\*

THE UNDERWOOD is the only typewriter that ever received the official endorsement of the Private Commercial School Manager's Association.

The above Association is composed of the owners of the leading Business Colleges of the country.

\*\*\*\*\*

It is but doing justice to yourself to investigate the merits of the UNDERWOOD Typewriter before buying.
